Plastic Kits

Please note this page is laden with images and may take a while to download - be patient it will be worth the wait.

Numerous North American T-6 Texan, SNJ and Harvard plastic model kits have been produced over the years in various scales.

Some of the model kits are listed below with pictures of the box tops - Manufacturers' name followed by the manufacturers' product code followed by a brief description.

Many of the liveries listed are long out of production but the physical kits are still being produced with newer liveries.

Any of the kits listed below can have South African Harvard operator livery or paint scheme applied. Decals can also be made. Models can be custom painted by [The Aviation Shop](#) See the Decals page for further information.

Contact [The Aviation Shop](#) to establish what is in stock or what can be ordered. Some of the older kits come up for sale on auction websites. Just copy from the list below and paste into Google to find out what is available.

Quick scale size reference table

Scale size	Wingspan ft & in	Length ft & in	Wingspan inches	Length inches	Wingspan metres	Length metres
Full	42 ft 0 in	29 ft 6 in	504.00	354.00	12.80	9.00
3/4						1280.00
1/2	378.00	265.50	9.60	6.75	960.00	675.00
1/3	252.00	177.00	6.40	4.50	640.00	450.00
